Welcome!

The Pennsylvania Art Conservatory is a premier art gallery, restoration studio and custom framer conveniently located on Philadelphia's historic Main Line.

Period Paintings of Quality

The gallery features a large selection of fine quality paintings from the 18th, 19th and early 20th centuries. Our diverse collection includes Traditional to Modernist style landscapes, still life paintings, genre paintings and non-objective works of art.

Conservation & Restoration

The Pennsylvania Art Conservatory was founded with a concern for the care and preservation of works of art. Skilled restoration can revitalize a painting - bringing out the color, light and detail and preserving your art for years of enjoyment.

Our studio is staffed with experienced artisans who specialize in museum quality restoration of paintings and frames. We offer sound advice for the care and treatment of a single piece or an entire collection of art.
